

EUROSPAN

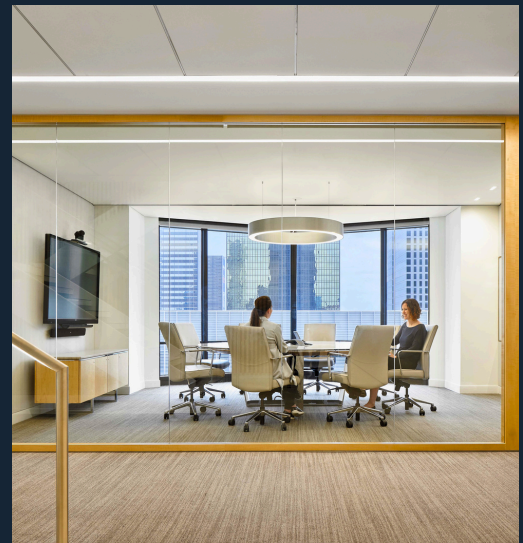

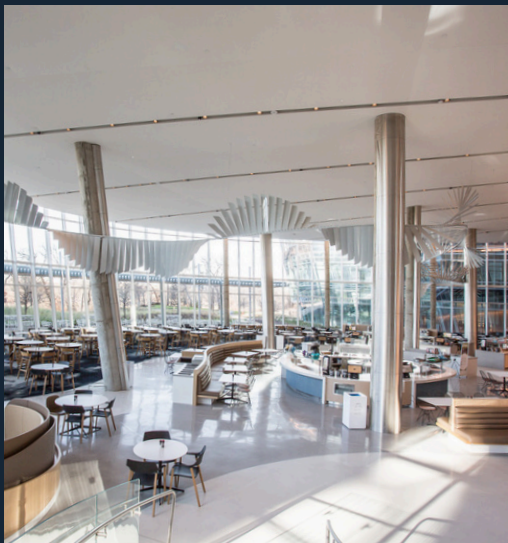

AEC

E U R O S P A N

*A site fabricated 16'-0" wide span stretched fabric system, primarily for ceilings.
This system provides a seamless solution for acoustic absorption
and a high-end monolithic look.*

- Comprised of 3 components: tension track, acoustical core, and acoustically transparent fabric
- Monolithic acoustic surface up to 16'-0" width
- High NRC rating of 0.80
- Level 5 Gypsum board-like appearance
- Printing capabilities for impressive large-format applications
